

DID YOU KNOW YOU CAN VOTE FROM YOUR HOSPITAL BED?

Patients who are unexpectedly hospitalized the week before any state or federal election are eligible to apply for an EMERGENCY ABSENTEE BALLOT by following these instructions:

REQUIREMENTS:

- You must be registered to vote in Virginia
- You cannot have already applied for regular absentee ballot voting

HERE ARE THE STEPS:

1. Talk to your social worker if you are interested in getting the Emergency Absentee Ballot application
2. Choose someone you know to be your 'designated representative'. This person will bring your ballot to the hospital and return it to your local voting office.
3. That's it! Your vote will be counted in the upcoming election!

**IF YOU ARE INTERESTED,
ASK YOUR SOCIAL WORKER
