Examples:

DAISY example: *Imani was a super nurse! She held my daughter's hand during her exam and was reassuring during a scary time. She answered our questions and took time with us - helping me (Mom) calm down, too. Her compassion meant so much.*

BEE example: *Justin was so thoughtful as he scheduled my surgery. He listened to my concerns about dog care while I would be in the hospital and about driving distance to physical therapy afterwards. He cared about my needs, partnered with me and others to get my surgery set and relieved my worries. Thank you!*
