

FAST FACTS

As leaders in southwest Virginia for comprehensive heart and vascular care, our nationally recognized experts at the Carilion Clinic Cardiovascular Institute (CVI) improve the lives of our patients in significant ways. More and more patients are traveling to Roanoke for our world-class cardiovascular care, and CVI consistently ranks among the top 100 cardiovascular programs nationwide. As southwest Virginia's cardiovascular inpatient market leader, our award-winning team combines continuous research and the latest technological advances with patient-centered care to ensure better surgical outcomes, fewer complications and faster recovery times.

Our Mission

Improve the health of the communities we serve.

Our Goal

We value collaboration, take a team-based approach to healing, and are committed to improving the health of the communities we serve by advancing care through medical education and research. Through our comprehensive network of hospitals, primary and specialty physician practices and other complementary services, we work together to provide quality care close to home for nearly 1 million patients.

We're the First in the Region to Perform:

- » Cardiac catheterization and percutaneous coronary intervention (PCI) in 1978
- » Open heart and heart valve surgery in 1982
- » Transcatheter aortic valve replacement (TAVR) procedures
- » Complex heart ablation procedures
- » Robotic thoracic surgery
- » Watchman device implants
- » Left ventricular assist device (LVAD) implants

Our Aortic Center is the first and only in the region to perform: Complex abdominal aortic aneurysm (AAA) procedures, Endovascular aortic repair (EVAR) procedures, and Fenestrated endovascular aortic repair (FEVAR) procedures.

Our Values

COLLABORATION

Our Clinicians

6
Cardiothoracic Surgeons

8
Vascular/Aortic Surgeons

541
Hospital Employees

178
Ambulatory Employees

33
Cardiologists

20 General and Non-invasive Cardiology

7 Interventional

4 Electrophysiology

2 Advanced Heart Failure

CVI Subspecialties, Services and Programs:

- » General and Non-invasive Cardiology
- » Cardiothoracic Surgery
- » Vascular Surgery/Aortic Center
- » Cardiac Catheterization and Interventions
- » Structural Heart
- » Advanced Heart Failure
- » Arrhythmia and Electrophysiology
- » Heart Device Management
- » Pediatric Cardiology

Recent Accolades

Chest Pain Center accreditation from the American College of Cardiology, February 2023 (program continuously accredited since 2005)

Cardiac Cath Lab with Percutaneous Coronary Intervention (PCI) accreditation from the American College of Cardiology, March 2023

National Cardiovascular Data Registry Platinum Performance Achievement Award for consistently high performance in meeting required care metrics

Intersocietal Accreditation Commission Bronze Recognition Award for 20 consecutive years of accreditation

The Society for Vascular Surgery Vascular Quality Initiative (SVS/VQI) Conference: Suzanne Beels, MSN and Michelle Martin - Poster Presentation, June 2023

SVS/VQI 3-Star Participation Award

Maintained VAD accreditation from Det Norske Veritas (DNV)

American Society of ExtraCorporeal Technology (AMSECT) Pillar Award for Perfusion Program, 2021

Extracorporeal Life Support Organization (ELSO) Silver Award Membrane Oxygenator (ECMO) Pathway to Excellence Award

What Differentiates Us

Longest-running Open Heart Surgery Program in the Region

We have been dedicated to cardiac care for more than 60 years and have had a successful open heart surgery program for over 40 years, making us the largest, most experienced team in the region. With three dedicated operating rooms and the only hybrid operating room in the region, we provide the least invasive methods to achieve the best possible outcomes for every patient.

Largest Vascular Surgery Team in the Region

We are one of the largest vascular hospitals in the state. Our Vascular Diagnostic Laboratory, one of a select number of laboratories in the United States accredited by the Intersocietal Commission for the Accreditation of Vascular Laboratories, provides quality ultrasound testing for vascular disease. With multiple satellite labs, we can accommodate patients from all over the region. Our goal is that, in just one visit, patients can undergo a diagnostic test and discuss the results with a provider.

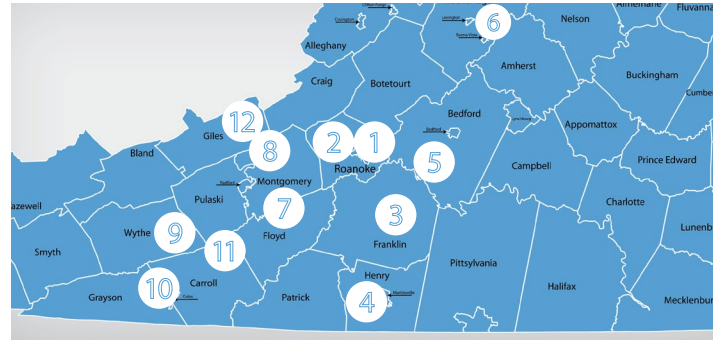

Comprehensive One-stop Specialty Clinic for Aortic Care

Our goal is to provide a customized, patient-centered approach to care and support for our referring providers. Our team's unique training allows us to customize treatment options and offer minimally invasive and hybrid procedures, which optimize patient outcomes, decrease the need for hospitalization and accelerate their return to normal activity.

Robust and Strategic Cardiology Group

By pursuing excellence in medical and clinical care, research and education, our Cardiology team is inspired to discover and deliver the innovative methods needed in the moment and for the region's future. Our diagnostic methods go unmatched, laying the groundwork for the best course of individualized and customized care for each patient.

Our Locations

① Roanoke

- » Aortic Surgery
- » Cardiothoracic (CT) Surgery
- » Vascular Surgery
- » General Cardiology
- » Structural Heart
- » Electrophysiology (EP)
- » Advanced Heart Failure
- » Interventional Cardiology

② Salem - General Cardiology

③ Rocky Mount/Franklin - General Cardiology

④ Martinsville

- » Aortic Surgery (1 day/month)*
- » CT Surgery (1 day/month)*
- » EP (device clinic/FU only)*
- » General Cardiology (5 days/week)*
- » Structural Heart (1 day/month)*

⑤ Hardy/Westlake - General Cardiology

⑥ Lexington

- » Aortic Surgery (1 day/month)*
- » CT Surgery (1 day/month)*
- » Vascular Surgery
- » General Cardiology (5 days/week with hospital coverage)*
- » EP (device clinic/follow-up only)*

⑦ Christiansburg

- » Vascular Surgery
- » General Cardiology
- » Interventional Cardiology

⑧ Blacksburg - General Cardiology

⑨ Wytheville - General Cardiology

⑩ Galax - General Cardiology

⑪ Hillsville - General Cardiology

⑫ Pearisburg/Giles - General Cardiology

**Denotes satellite clinic | Note: All surgeries performed at CRMH, except for the CNRV area where surgery is at CNRV, if available.*

ECG is available at all cardiology practice locations.
